

Camps For Handicapped Local Children

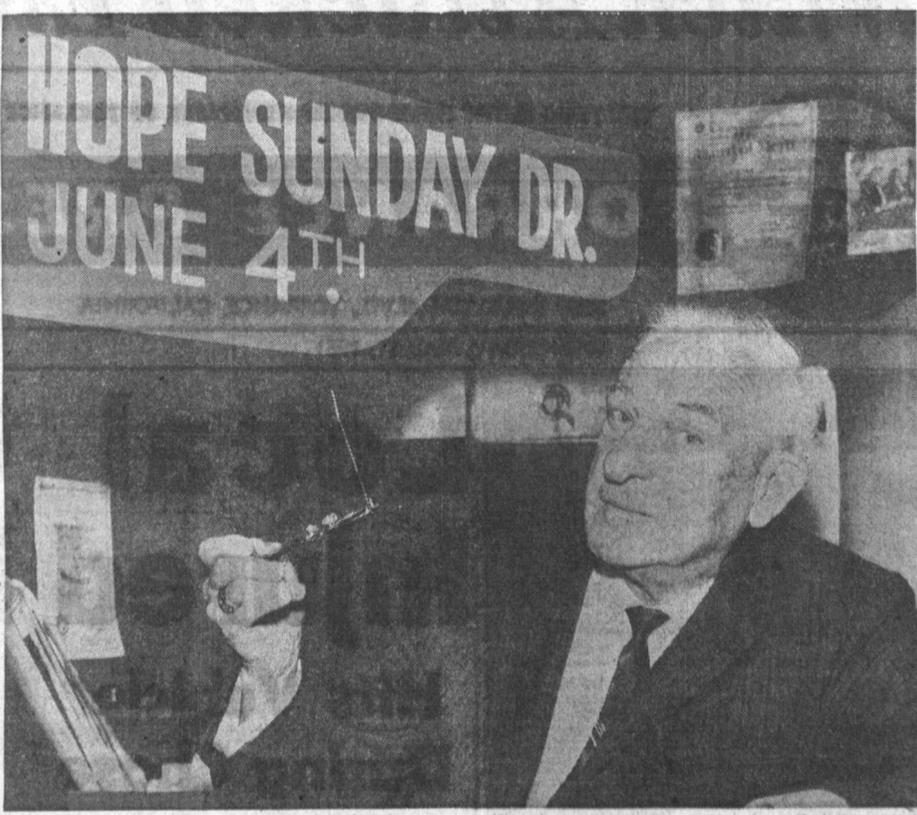

Enrollment is under way at the Crippled Children's Society, 325 West Adams Boulevard, for two-week summer day camp for handicapped youngsters in Torrance, El Segundo, Gardena, Hawthorne, Hermosa Beach, Inglewood, Lawndale, Manhattan Beach, Redondo Beach, Playa del Rey, and Palos Verdes.

The camp will be held July 10 through 21 at Alondra Park in Torrance, with daily sessions Monday through Friday from 10 a.m. to 2:30 p.m. Children from 4 to 10 are eligible to attend, whatever the crippling condition, and whatever the heritage or creed.

The camp is offered, at no charge, as part of the Society's widely varied program of services to the handicapped.

Parents wishing to enroll their children may make an appointment for an interview by calling the Center (RI 9-3011) between 8:30 a.m. and 4:30 p.m. Monday through Friday. June 30 will be the cut-off date for registration.

The camp will be under the supervision of a professional counselor, with volunteers assisting, and transportation is provided. This is one of twelve such camping sessions to be sponsored by the Society this summer.

NEXT WEEKEND—Torrance "Hope Sunday" chairman Sam Levy notes that all signs point to the City of Hope's annual drive this Sunday, June 4. Local marchers will go door-to-door in the on day solicitation for the pilot Medical Center.

Sam Levy, Businessman, Leads Hope Sunday Drive

"Mr. Torrance," Sam Levy, Torrance chairman of the "Hope Sunday" drive, will lead scores of volunteer "Citizens of Hope" this Sunday, June 4, in an all-out effort to raise funds for the free, non-sectarian City of Hope, a pilot medical center.

Addressing the marchers, the local chairman stressed the importance of the one-day, house-to-house drive.

"In the past year alone," he emphasized, "many thousands of Southland patients, regardless of race, creed or national origin, have received absolutely free care at the City of Hope. Many of those sufferers have been friends, neighbors or even members of our own families."

HUMANITARIANISM

"This kind of humanitarianism would not be possible without the help of the thousands upon thousands of foot soldiers who will go door-to-door on Hope Sunday, and without the generous response of the hundreds of thousands who will be called upon."

He pointed out that upon referral by private physicians, the City of Hope accepts patients of all ages afflicted with cancer, leukemia, blood, chest and operable heart diseases.

"Sunday, when your City of Hope volunteer calls, welcome your neighbor," he urged, "and give from your heart."

CP Volunteers Earn Praise of Area Chairman

Month-long drive of the United Cerebral Palsy Association officially closed here yesterday with some volunteers making their final call last night.

The volunteer campaigners drew praise from Mrs. Dan Brown, 26021 Matfield Dr., Torrance chairman.

"They worked very hard for the success of the drive and should be proud of their efforts," the chairman said.

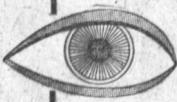

The final auditing of the fund-raising campaign will take place this month. County-wide goal is \$325,000 and the house-to-house canvass is expected to contribute substantially to that sum.

The chairman pointed out that any resident here who was not at home or otherwise overlooked during the canvass may mail his contribution to Palsy, Los Angeles 51.

United Cerebral Palsy's annual campaign supports its 13-point program of aid in Los Angeles County. The charity provides training and therapy for the palsied from infancy to adulthood. It also maintains extensive counseling services for the afflicted and the families.

HOORAY FOR SCHOOL—Eighth graders at Wood Elementary School, Torrance, presented a musical comedy, "Our Fair Students," (with apologies to "My Fair Lady") for their classmates last week. Written in rhyme by students and teachers, the story concerned relative advantages of studying hard vs. becoming a beach bum. Shown are (left to right) Linda Walker and Bob Drury trying to persuade Jodie Mercurio to lay aside his surfboard and resist the call of the beach and Pam West. In the end, both Jodie returned to school.

LA City Reopens Negotiations for Harbor City Plot

The Los Angeles City Recreation and Park Commission last week requested the Bureau of Right of Way and Land to finalize the Bureau's negotiated settlement for acquisition of Parcel 6, Harbor City Park-Playground, which is in the 15th District, represented by Councilman S. Gibson Jr.

Parcel 6 is an improved lot 50 feet wide and 118 feet deep located on Lomita Boulevard, west of Frampton Avenue, and will be acquired at a cost of \$10,050, under provisions of the City's recreation and park bond fund.

Four Harbor City Park-Playground parcels are now in City ownership, four others are in escrow, and condemnation proceedings are underway for the remaining property. A subsequent bond-fund allocation will finance development of the recreation and park facility.
